

## BNGW - Assignment 4 – Form, Javascript

There is a new garment brand **Tiny Tots** established and would like to have its presence felt on the internet. The garments manufactured with them are from the age group “new born” to “10-12” years of age (groups “new born”, “1-3”, “3-5”, “5-8”, “8-10”, “10-12”). They have approached a company who is well conversant with web designing and proficient in internet advertising. The Tiny Tots marketing teams are ready with their specification for their site. They need the following

### Question 1:

**HOME** page consists of all the hyperlinks to the site and the images as followed

1. **HOME:** return home page
2. **STORE:** This link has the list of all the company stores with the addresses and contact numbers.
3. **CONTACT:** A form to get in touch with the company (including fields full name, email, subject, content ... )
4. **LOGIN:** hyperlink to Account Details page (Question 2)

Note:

- Use CSS and Template for making website attractive.
- Created pages should get open in center area when hyperlink is clicked.

### Question 2:

Create Web page as below

The form is titled "Enter details of your account" in green text. It contains the following fields and controls:

- First name:** A text input field.
- Last name:** A text input field.
- Email:** A text input field.
- Age:** A text input field.
- Are you employed:** A label followed by two checkboxes: "Yes" and "No".
- Buttons:** Two buttons labeled "OK" and "Cancel" at the bottom.

- The textbox Age contains the numbers from 18 to 30.
- The focus should be set to the First Name field.
- When the Reset button is clicked, all the fields should be cleared
- When the OK button is clicked, if all are satisfied, a message box should be display message successfully, otherwise, should be display error messages.

### **Validations to be performed**

1. First Name and Last Name field cannot be blank.
2. If first name is "Aptech" and Last name is "FPT", displays a **congratulation message**, otherwise displays an **error message** "Invalid account !"
